

Linda Scott

Master of Arts. Psychology
SC Licensed Professional Counselor
Certified Addictions Counselor

DESCRIPTION OF COUNSELING SERVICES

SCHEDULING

During the first session, (intake), please allow up to 90 minutes in order to complete paperwork, provide background information, and formulate goals for counseling. Unless otherwise discussed, all subsequent sessions last 50 minutes and begin and end on time. Appointments can be made by calling 810-6937. If you need to cancel or reschedule your appointment, please do so at least 24 hours prior to session. Clients are expected to pay for sessions broken within 24 hours of scheduled appointments. Sessions take place only in the regular office setting.

CONFIDENTIALITY

Every aspect of the counseling process is held in the utmost confidence. Information related to counseling will be divulged only at the client's request, or if state laws require. Please note the following circumstances requiring disclosure by a counselor in South Carolina:

Child abuse/neglect
Imminent danger to others

Elder abuse
Court order by a judge

Imminent danger to self

Parents of clients under the age of 18 have a legal right to their child's information. In many cases - in order to promote an environment of trust - I ask that parents not request information. In most cases where information is divulged, I ask that the child be present.

FEES

My fee is \$125 for the initial evaluation and \$100 for each subsequent session. I do not accept insurance. However, if you plan to file insurance, I will gladly provide the necessary documentation. Payment is expected after each session unless otherwise discussed.
